My Single Home

12 40th Ave, Long Island

2 Beds 2 Baths 2325 sqft 5656 Lot Size

Year built: 1997

\$2,131,330.00

Description

Occupying over 8,000 square feet, perched over 1,100 feet in the air with absolutely breathtaking panoramic 360-degree views of all of New York City and the surrounding tri-state area, The 82nd Floor at 432 Park Avenue has been completely reimagined by one of the most sought-after design houses in London and represents an utterly unique opportunity to own a globally significant property. The residence is comprised of 5 bedrooms, 2 master bathrooms, 4 on-suite guest bathrooms, 2 powder rooms, 2 offices, 2 dressing rooms, a media room, an oversized eat-in gourmet chef's kitchen, and a sprawling 1,100 square-foot Great Room perfectly situated in the prime southwest corner of the floor. The second bedroom is a corner room with double windows. The kitchen has fabulous space, new appliances, and a laundry area. Other features include rich herringbone floors, crown moldings and coffered ceilings throughout the apartment. 1049 5th Avenue is a classic pre-war building located across from

Central Park, the reservoir and The Metropolitan Museum. Elegant lobby and 24 hours doorman. This is a pet-friendly building.

Every single thing we tried with John was delicious! Found some awesome places we would definitely go back to on our trip. John was also super friendly and passionate about Beşiktaş and Istanbul.
